

Doxy PEP Dosing

M

9 PM

It's ideal if taken within 24 hours but can be taken up to 72 hours after condomless sex

T

Take doxy PEP before 9PM

W

T

Last day to take doxy PEP

F

Do not take more than 200mg of doxycycline in a 24-hour period. If you have sex again within 24 hours of taking your first dose, wait another 24 hours to take a second dose.
